

*Alliance Against Intoxicated Motorists
870 E. Higgins, Suite 131 Schaumburg, IL 60173
847-240-0027 www.aaim1.org*

Mission

*To prevent deaths and injuries caused by intoxicated Motorists
and to aid crash victims and their families in Illinois.*

To achieve its purpose:

- *AAIM heightens public awareness of the devastation caused by intoxicated motorists,*
- *AAIM presses for effective legislation and strict enforcement,*
- *AAIM involves the community in meeting its mission, and*
- *AAIM supports victims and their families emotionally, legally and financially.*

(Dangerous Driving Decisions)

“Hosted by Alan Krashesky, ABC TV News, Chicago, ‘Drunk Driving...The Victim/The Offender’ offers a realistic and chilling insight to the suffering that takes place on a daily basis for victims, and even the offenders”

58-minute two-part video (contact AAIM office to purchase video)

drunk driving

“Hosted by Alan Krashesky, ABC TV News, Chicago, ‘Drunk Driving ... The Victim/The Offender’ offers a realistic and chilling insight to the suffering that takes place on a daily basis for the victims, and even the offenders.”

“The victims of drunk driving crashes ... a video that will surely capture the emotional and physical trauma that’s associated with crashes involving drunk driving. Victims tell their stories. Viewers will listen intently.”

**the victim
the offender**

“Drunk Driving ... The Victim/The Offender’ provides an insightful and emotional look at the byproducts of drunk driving. Eight individuals, all in their own way severely affected by drinking and driving, tell their stories. The video also portrays elements combined with these stories that is bound to leave a tremendous impact on viewers.

The video was produced by Robin F. Pendergrast for The Alliance Against Intoxicated Motorists, Schaumburg, IL. All net proceeds from the sale of the production will be used to support the continuing programs that are provided by AAIM. The 58-minute two-part video portrays a message of pain, frustration, emotion, and a desire to end this tragedy. For a variety of educational programs, a facilitator’s manual has also been developed and included for use in conjunction with the presentation of this two-part program.”

AAIM's 3D Program

3D
(Dangerous Driving Decisions)

AAIM's 3D Program (Dangerous Driving Decisions) has been well received at high schools and colleges. AAIM recognizes our ever-changing world of technology and the dangers that are imposed when electronic devices are used while driving. (Cell phones, texting and i-pods...etc.) While still addressing alcohol issues and drinking and driving, vigorous education and public awareness is needed on distracted driving. **AAIM's 3D Program** focuses on choices.

Research shows distracted driving may impair your judgment as much as drinking and or drugged driving. And while we understand this is a complex social problem, and no single simple solution exists. Rather, a multifaceted solution encompassing many elements must include education to heighten public awareness; formal education in primary and secondary schools and deterrence through law enforcement. Such an approach will require community involvement, coordination of public and private organizations as never before.

AAIM can help raise awareness by spreading the word about dangerous driving decisions and educating our youth on how important it is not to be distracted while driving. Please take the **3D** pledge and help us to teach our children to make good choices. AAIM's **3D** presentations give students something to think about. Together we can raise awareness and possibly save a life at your school.

3D Pledge:

Dangerous: I pledge not to drive DANGEROUSLY.

Driving: I pledge not to text and DRIVE.

Decisions: I DECIDE not to drink and drive.

Help STOP Drunk Drivers

“Get Involved Before You Are Involved”

You can help make change happen:

- **Join** the Alliance against Intoxicated Motorists. AAIM is an independent, non-profit Illinois citizens’ action group working to reduce drunk and drugged driving.
- **Why an Alliance?** No one group can do this job alone. Many organizations must work together- law enforcement agencies, the judiciary, local and state governmental bodies, alcoholism experts, teachers, but above all, citizens. Citizen action is the catalyst that can make it all happen-and keep it happening.
- **Who can join?** Everybody who is concerned about the drunk/drugged-driving problem. Many members are victims. Others fear for themselves, their own families or friends. All a social problem that must be solved.
- **Find out how you can help.** Go to work in your community now. Find out how you can help... or how AAIM can help you. Write or call 847-240-0027. 870 East Higgins Road, Suite 131 Schaumburg, Illinois 60173.

AAIM to save lives...

Speakers Bureau

- **Overview**

There is nothing more powerful than the spoken word of someone directly affected by a drunk or distracted driver. Personal account by victims and offenders evoke a compelling emotional response. The *AAIM* Speakers Bureau presentations are given to schools, DUI offenders in the courts, private industry, law enforcements and legal agencies. The goal is to create awareness, encourage prevention and illustrate the devastating consequences of impaired driving.

- **Presentation Format**

AAIM's Education Program and Victim Impact Panel (VIP), generally consist of Victim Services personnel to oversee the format and present an introduction about *AAIM* and alcohol-related issues, followed by two victims and one offender telling their personal tragedies involving a DUI crash. Each program is designed to run 45-60 minutes. The format can be modified to suit any organization. An interactive format is also available for younger students.

- **Service Fees**

AAIM is required by its Board of Directors to request a donation for services rendered. Please contact victim services personnel or the *AAIM* office for further information and details. Pat Larson, Director of Victim Services. 847-240-0027 or 630-240-4455

- **School Presentations**

AAIM's Education Program is presented to high schools, colleges and middle schools and is very well received by students and faculty alike. While spring is the most requested time, presentations are given throughout the year. Requests do need to be made in advance to insure speaker availability and to prepare the format.

- **Court Presentations**

Many other groups' local business owners or police officers working a sobriety checkpoint request AAIM's Education Program and Victim Impact Panel (VIP). Again, it is to create awareness and exemplify that death and injury are the likely results of impaired driving.

- **Resources**

AAIM's Videotapes:

1. "Drunk Driving-The Victim/The Offender"
2. "Salvando Vidas Spanish VIP"
3. "The Story of AAIM"
4. "Victim Impact Panel"
